### **Session Summary**

On February 10<sup>th</sup>, Civil Engineering Student Association (CESA) conducted a session about Urban Infrastructure Planning, which focused on making people aware about urban development. The session was open for all Civil Engineering Students and Teaching staff of A. P. Shah Institute of Technology and approximately 46 people have attended this session. During the session, attendees shared opinions, thoughts and suggestions for urban infrastructure planning.

Mr. Vishal Misal, CESA incharge and Mr. Aditya Shashtri, CESA Coordinator along with other teaching staff of Civil Engineering were on hand to open the Conference. Ms. Srishti Jainapur, Vice President of CESA welcomed all for the session

The keynote speaker was Dr. Parag Govardhan Narkhede, HOD at BKPS College of Architecture (Pune). MR. Narkhede spoke about the necessity of urban infrastructure planning and not only stated detailed information related to it also conveyed the fact that how engineers should grab opportunities in infrastructure planning.

During the session, participants had opportunity to solve their queries related to urban infrastructure planning and also got some career guidance. Session lasted for 60 minutes. At the end Ms. Riya Kanikudiyil, Ladies Representative of CESA deliver the vote of thanks and session wrapped up successfully under the guidance of Mr. Sairaj Karmalkar, President of CESA.

Report by,

Anushka Gaikwad, Social Media Designer of CESA.
