We can't imagine environment without trees. For healthy living conditions plants plays vital role. The aim of this activity is to direct the students to contribute for society. This plantation activity is especially done for the farmers in Patona Pada area. The requirement of type of plants was taken from the farmers and same plants are planted in their farms by our students. The plants would be taken care by these farmers and in future this would serve as mean of earning by selling fruits and all. Plants selected for plantation activity were mango, coconut, Jackfruit, Custard apple, Tamarind, Bakula, Jamun, Stone apple, Adulsa etc.

Plantation is one of the best activities for making the planet greener, livelier, and healthier. Planted trees help our biodiversity, ensure the supply of oxygen for the next generations, and provide us with various resources. Without trees, the existence of human life, as well as other species on earth, is impossible. So, we should plant more and more trees. Plantation is considered as the todays investment in planet which will flourish and after few years, returned back into a big tree with shade, fruits and healthier surrounding nearby.

This activity was conducted at Yeur Patona Pada, Thane West. in the presence of faculties and IGBC students of Civil Engineering Department. Total 40 plants were planted. Students showed very keen interest and because of them it is possible to conduct this event.
