REPORT ON

TMC-Mazi Vasundhara Abhiyan Awareness Program

VENUE: - A.P. Shah Institute of Technology College Campus

ACTIVITY DATE: - 22-12-2022

AUDIENCE: - College Students and Faculty members

**ORGANISED BY: - TMC under Mazi Vasundhara Abhiyan Awareness Program in
association with Department of Civil Engineering**

FACULTY CO-ORDINATOR: - Prof. Mrunal Joshi

TOTAL STUDENTS ATTENDED: - more than 50

Day by day quality of environment is degrading because of increasing pollution level in air, water and soil. It's now alarming time to take the action against these manmade pollutions. We have to save our earth i.e. Mazi Vasundhara from this pollution. This awareness program is for that purpose only. Thane Municipal Corporation (TMC) is practicing many activities to reduce pollution and for proper management of waste.

The aim of this activity is to direct the students to contribute for society, for environment and for mother earth. Our youth are the pillars of nation who can support and promote environment related activities to create awareness.

TMC had displayed one short film on LED Display unit for this awareness program which showed the Vaibhav of Thane and suggested the measures we have to take to maintain the same. We can't imagine environment without trees. For healthy living conditions plants plays vital role. They suggested to plant trees today for better tomorrow. Keep cleanliness in society by segregating the wet waste and dry waste, ban plastic, save energy, use public transport etc. At the end of program all present students and faculties had took oath for our mother earth which consists of different ways of waste management, pollution reduction and energy saving.

This activity was conducted at APSIT campus in the presence of Dean Academics Prof. Atul Deshpande, HoD Civil Prof. Upendra Mate, HoD Humanities and Science Dr. Shivshankar Kore, TMC staff members, faculty members and students of A.P.Shah Institute of Technology, Thane.

A few Glimpses of the event
