Department of Computer Engineering

Academic Year 2022-23

Class: T.E. Computer

Sub: Software Engineering

Opportunities in Testing Field and Hands-On session on Software Testing Tools

Objective

Software testing, is an interesting but challenging field. In Computer engineering program Software testing is considered as a small part of course Software Engineering. The goal of this Expert lecture with Hands on session is to cover this syllabus gap by giving them the glimpse of this career path. Also, Hands On session will cover the latest Software testing tools used by industry.

Duration of Session: 3-4 Hours

Conduction Date: 07 October 2022 (9.30 am to 1.00 pm)

Venue: Lab 406

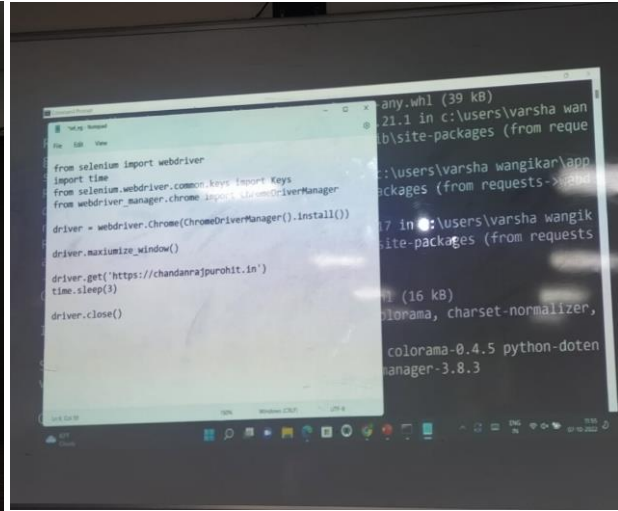

Target Audience: TE Computer Engineering Students

Glimpse of Session:

Event Co-ordinator
Varsha Wangikar

Head of the Department
Prof. Sachin Malave
