

## Professional Bodies

### Annual Report

1. IGBC
2. CESA

#### About Indian Green Building Council (IGBC)

IGBC, a part of CII (Confederation of Indian Industry) has accomplished a remarkable job in pioneering the Green Building Movement in India. From a mere 20000 sq ft of green footprint in 2001, it has reached an astounding mark of over 4.48 billion sq ft. Thanks to IGBC's lead and initiative, today India has become a foremost player of sustainable green architecture in the world. While IGBC has come out with ratings for commercial buildings and new construction, to its credit it now has Green Homes, Factories, SEZs, Townships, Landscapes, Existing Buildings, MRTS & Schools. For the movement to reach higher levels and get firmly rooted in the Indian mainstream, it has to grow upwards through our next generation. That is what IGBC intends to achieve through our support and involvement in building a Greener India.

#### Benefits:

- Interaction with mentors working in the field
- All the current enrolled students and faculties of all departments are eligible to be the members
- No membership fees
- Facilitation of Internships / Thesis
- Access to workshops
- Access to literature such as periodical newsletters and technical bulletins
- Copy of IGBC codes and guidelines handed over to the college
- Certificate of launch awarded to the college

Academic Year	No. Of Enrolments
2017-2018	All Students
2018-2019	All Students
