

Topic: PitchFest

Name of College: A. P. Shah Institute of Technology, Kasarvadavali, Ghodbunder Road, Thane – 400615

Department: Information Technology

Date: 10/03/2023 and 17/03/2023

Participants: 19 Teams

Targeted Audience: Students of APSIT

Faculty Accompanied:

1. Dr. Kiran Deshpande
2. Dr. Sameer Nanivadekar
3. Prof. Sonal Jain

Aim of Event: The main objective of the event was to provide a platform for the budding entrepreneur in students.

Team ITSA came up with an idea of business month which overall had three sessions starting from how to propose the idea followed by how to have an entrepreneur mindset and the last event where the students need to present their business idea in front of a faculty panel.

Day 1 of the Pitch fest featured a number of student teams from different department in front of our review panel, which included Dr. Sameer Nanivadekar, Dean of Administration, and Dr. Kiran Deshpande, Head of the IT Department. Day 1 was made more special as our honorable principal sir Dr. Uttam Kolekar and other guests from other institutions visited our college, offered their valuable time, joined the panel for review, and interacted with the Group by sharing their ideas. With years of experience, Sameer Sir provided his insightful views and served as a role model for the students as they pitched their ideas. He mainly focused on IPR, production, cost-effectiveness, and team motivation whereas Kiran Sir focused more on boosting the confidence of the students. The remaining groups were covered on Day 2 of the pitch fest by our review

panel, which included Prof. Sonal Jain, Prof. Anagha Aher, Head of Data Science Department, and Prof. Jaya Gupta, Head of the AIML Department. The Pitch fest came to a successful conclusion after their insightful suggestions.

The faculty had to make a difficult decision when selecting the winners. Aryan Kumar, a student in the TE-Computer department, received the first prize since the concept he proposed was already functional. The BE-IT students Pratik Dhumal, Shubhangi Tripathi, and Kushal Todi took second place because their suggestion, if put into practice, would be very helpful to both students and recruiters. The price distribution ceremony took place on the IT Day.

Overall it was a great initiative by ITSA team as the future entrepreneurs of APSIT got a platform to pitch their ideas and got some valuable suggestions.
