 - c) Study material is readily available of entire subject.
 - d) Facilitates HOD to monitor the progress of academics.

Our classrooms are well equipped with

- Projectors
- Smart Board
- Air conditioners
- Laptops are used for teaching purposes and internet facility is available to students and faculties.

- Power backup for IT infrastructure.

Learning in Laboratory

Quality of Laboratory experience

- Experiments are planned and conducted as prescribed by UOM syllabus.
- List of experiments may be revised.
- Lab manual provides general guidelines and procedure for conduct of experiments.
- Every student gets an opportunity to get hands on work experience on kits, equipments, computers etc.
- Results/output obtained are monitored by the faculties.
- Experiment writing is completed by the students immediately after the completion of the experiments and is assessed/evaluated in the next laboratory session as per rubrics.

Learning through projects

- i) Mini Projects
- ii) Project Based Learning: During the period of study, many projects are given to the students and they are guided by both faculty and Industry/Research personnel.
- iii) Final year projects
 - a) Students get an opportunity to implement the knowledge of technologies learnt in curriculum and PBL activities that enhance the student's literature survey, planning and teamwork abilities.
 - b) It also inculcates research aptitude in the students.

C. POLICY FOR BRIGHTER AND WEAKER STUDENTS

The policy for identification of Bright and Weak students is as mentioned below

- i) Bright and Weak students are identified class wise.
- ii) These students are identified based on the Unit Test 1 results and by observation by the faculties teaching the class.

Parshvanath Charitable Trust's
A. P. SHAH INSTITUTE OF TECHNOLOGY
(Approved by AICTE New Delhi & Govt. of Maharashtra, Affiliated to University of Mumbai)
(Religious Jain Minority)

- iii) Common students are considered by the class co-ordinator and the faculties as bright and weak students.
- iv) The lists of bright and weak students are shared with the respective mentors.

ACTION PLAN

Weak Students

The following initiatives are taken for the weak students

- i) Mentoring
- ii) Counselling if any
- iii) Remedial lectures and /or exam practice with Question bank

Bright Students

The following initiatives are taken for the bright students

- i) Encouragement to participate in technical seminars, workshops
- ii) Encouragement to do NPTEL courses, video lectures
- iii) Encourage the students to prepare for GATE, GRE, TOEFL or any competitive exams
- iv) Motivate the students to carry out project/ practical assignments and/or to review latest research papers
- v) Interaction of senior bright students with junior bright/weak students

STUDENT FEEDBACK ON TEACHING LEARNING PROCESS

The methodology of feedback adopted at A. P. Shah Institute of Technology comprises of:

- i. Feedback collection process
- ii. Feedback assessment process

Feedback collection process

- Feedback mechanism is well organized system in the college.
- Feedback is collected for all the courses.

- Feedback for the courses is taken from the students in the form of Online and Offline feedback.

Table. 2.2.1.1: Feedback collection process for quality of teaching

Items	Description
Scope of Feedback	All courses
Feedback medium	Online & Offline
Feedback receiver	HOD / Principal / Deans
Frequency of feedback collection	Once in a semester
Parameters of Quality Teaching	• Subject knowledge of the teacher • Syllabus coverage by the teacher • Communication skills of the teacher • Faculty regularity and punctuality • Initiative of the teacher to encourage students to raise subject related queries and providing solutions • Student's willingness to learn additional subjects in the next semester from the teacher • Use of Moodle Server by the teacher • Extra knowledge other than subject given by the teacher
Index Value	5 – Excellent 4 – Very Good 3 – Good 2 – Fair 1 – Average

Feedback assessment process

I. Online Feedback

- Students of all courses give Feedback in computer labs through a software developed by the college
- All the parameters mentioned in table 2.2.1.1 carry equal weightage. Students give feedback for each parameter on

a scale of 1 to 5.

- The average of scores of each parameter is calculated by the software. This average is the feedback score of the concerned faculty.
- The contents of the feedback are shared with each faculty member individually.

II. Offline Feedback

- The Principal and Dean Academics take offline feedback about academics and infrastructure from entire class once in a semester.
- This feedback is logically assessed by the Principal and Dean Academics.
- The important outcomes of offline feedback related to academics are shared with concerned Head of Department.

Quality of internal semester Question papers, Assignments and Evaluation

INTERNAL ASSESMENT:

- a) The Internal assessment test is conducted as per the Institute Academic Calendar.
- b) The general guidelines for paper setting are published on the e-learning platform.
- c) The question papers are prepared based on the course outcomes and the given guidelines.
- d) Answer sheets are assessed and marks are uploaded on college web store.

ASSIGNMENT

- a) The general guidelines for assignment are published on the e-learning platform.
- b) Questions of the assignment are prepared based on the guidelines given.

QUALITY OF STUDENT PROJECTS

Students are encouraged to work with innovative ideas and focus on current technological trends to do their Seminars and Projects in the final year, to acquire knowledge beyond syllabus.

Initiatives Provided for Student Projects

- Students are provided with a brief idea of various fields for selecting the project ideas during the end of 6th Semester
- The list of previous year projects is displayed which ensures no repetition of project work and also encourages students to enhance the previous works.
- The faculties encourage the students to carry out in house projects and support will be provided with all necessary software and hardware.
- The faculties encourage students to participate in project exhibitions. The project exhibition aims to provide a common platform to exhibit their innovations and their work towards excellence in latest technology.
- The faculties encourage students to publish their project work in journals/conferences.

Implementation

A project coordinator is appointed by the Head of the department who is responsible for coordination with guides in planning, scheduling and execution of all the activities related to the student project work.

PROCESS OF BE PROJECT SELECTION

1. Formation of groups for project (Minimum 2 and Maximum 4 students per group).
2. Domain Finalization by the project group members.
3. Simultaneously project topic submission by faculties to create a repository.
4. First round of presentation of the proposed project topic by the students.

5. Second round of presentation of the proposed project topic by the students incorporating the points mentioned by the department faculties.
6. For the group whose first proposed topic was not accepted a presentation for another proposed project topic.
7. Based on the second round of presentation approval or rejection of the proposed project topic.
8. If the proposed project topic presented is accepted then the topic for that group is finalized.
9. If the project topic is not approved then the group has to select a topic from the repository of topics submitted by all the department faculties.
10. After the project topic finalization guide is allocated to each group based on their domain expertise.

INDUSTRY INTERACTION

The following are the procedures followed for industry interaction.

1. Industrial visit to know the working standards, process and procedures involved in an industry.
2. Industry personnel are invited to the College to discuss about the current standards and trends in the relevant core areas and the expectation of the industry from the students. This type of programs helps the students to get updated in the field of interest
3. Industry associated Labs are encouraged to help the students to get exposure to the tools being used in the industry.

INDUSTRY INTERNSHIP/ SUMMER TRAINING

- Students are encouraged for industry internships during the summer and winter vacations.
- College training department helps to identify openings for internship.
- Students gets exposure to certain trending technologies in the college premises itself through project-based learning courses conducted by industry experts.

To,

The Principal,
A.P. Shah Institute of Technology,
Survey No. 12,13 Opposite Hypercity Mall,
Kasarvadavali, Ghodbandar Road, Thane West,
Maharashtra-400615.

Subject: Further accreditation status on the basis of Compliance Report of the programs in Tier-II offered by A.P. Shah Institute of Technology, Survey No. 12, 13 Opposite Hypercity Mall, Kasarvadavali, Ghodbandar Road, Thane West, Maharashtra-400615.

Sir,

This is regarding Compliance Report submitted by A.P. Shah Institute of Technology, Survey No. 12, 13 Opposite Hypercity Mall, Kasarvadavali, Ghodbandar Road, Thane West, Maharashtra-400615 for the UG Engineering programs which were accredited by NBA in Tier-II for academic years 2020-21 to 2022-23 i.e. upto 30/06/2023.

2. An Expert Team conducted data verification of the programs on 08th April, 2023. The report submitted by the Expert Team was considered by the concerned Committees constituted for the purpose in NBA. The Competent Authority in NBA has approved the following accreditation status to the programs as given in the table below:

Sl. No.	Name of the Program(s) (UG)	Basis of Evaluation	Accreditation Status	Period of validity	Remarks
(1)	(2)	(3)	(4)	(5)	(6)
1.	Civil Engineering	Tier-II June 2015 Document	Accredited	Academic Years 2023-2024 to 2025-2026 i.e. upto 30-06-2026	Accreditation status granted is valid for the period indicated in Col.5 or till the program has the approval of the Competent Authority, whichever is earlier
2.	Computer Engineering		Accredited		
3.	Mechanical Engineering		Accredited		
4.	Information Technology		Accredited		

3. It may be noted that only students who graduate during the validity period of accreditation, will be deemed to have graduated with an NBA accredited degree.

4. The programs have been granted accreditation for further 3 years. **A.P. Shah Institute of Technology, Survey No. 12, 13 Opposite Hypercity Mall, Kasarvadavali, Ghodbandar Road, Thane West, Maharashtra-400615** should submit fresh online application under SAR Tier-II June 2015 Document through eNBA portal at least five months before the expiry of validity of accreditation mentioned above.

5. The accreditation status awarded to the programs as indicated in the above table does not imply that the accreditation has been granted to **A.P. Shah Institute of Technology, Survey No. 12, 13 Opposite Hypercity Mall, Kasarvadavali, Ghodbandar Road, Thane West, Maharashtra-400615** as a whole. **As such the Institution should nowhere along with its name including on its letter head etc. write that it is accredited by NBA because it is program accreditation and not Institution accreditation. If such an instance comes to NBA's notice, this will be viewed seriously.** Complete name of the program(s) accredited, level of program(s) and the period of validity of accreditation, as well as the Academic Year from which the accreditation is effective should be mentioned unambiguously whenever and wherever it is required to indicate the status of accreditation by NBA.

Contd./...

6. The accreditation status of the above programs is subject to change on periodic review, if needed by the NBA. It is desired that the relevant information in respect of accredited programs as indicated in the table in paragraph 2, appears on the website and information bulletin of the Institute.

7. The accreditation status awarded to the programs as indicated in table in paragraph 2 above is subject to maintenance of the current standards during the period of accreditation. If there are any changes in the status (major changes of faculty strength, organizational structure etc.), the same are required to be communicated to the NBA, with an appropriate explanatory note.

8. A copy each of Report of the Visiting Team in respect of the above programs is enclosed.

Yours faithfully,

(Dr. Anil Kumar Nassa)
