

DEPARTMENT OF COMPUTER ENGINEERING (NBA Accredited)

Event Name:	Intellectual Property Rights (IPR) Session
Event Venue:	Room 008
Event Date and Time:	17th January 2025
Organized By:	Computer Students Association (CSA), Department of Computer Engineering
Speaker:	Dr. Shriganesh Yadav.
Department Event Coordinator:	Prof. Rushikesh Nikam
Participants:	BE Computer Engineering Students
Objective:	Highlight the importance of Intellectual Property Rights and its relevance in the tech industry.
PO Mapping	PO8, PO12

Details:

On January 17, 2025, an informative session on Intellectual Property Rights (IPR) was organized by the Computer Science Association (CSA) at Room 008, from 9:30 AM to 11:00 AM. The event aimed to provide students with valuable insights into the importance of IPR in the technology sector. The event began with a smooth registration and networking session from 9:00 AM to 9:30 AM, where students had the opportunity to interact with their peers and faculty members. The CSA team ensured that the registration process was efficient and a welcoming environment was created for all attendees.

The official program commenced at 9:30 AM with the welcome and inauguration. The CSA Representative extended a warm welcome to Dr. Shriganesh Yadav, the guest speaker, and presented him with a token of appreciation. This was followed by a brief introduction of Dr. Yadav, highlighting his expertise in IPR and its relevance in the tech industry.

Dr. Shriganesh Yadav discussed the different types of intellectual property, including patents, copyrights, trademarks, and trade secrets. Dr. Yadav emphasized the significance of IPR within the technology sector and elaborated on the legal aspects of filing patents. Real-world case studies and practical examples made the session engaging and highly informative for the

students. The CSA team ensured all technical aspects of the session were taken care of, with smooth setup of the projector and microphone, enabling effective communication.

The event continued with a lively Q&A session where students asked questions about IPR and its real-world applications. Dr. Yadav's responses were insightful and helped deepen students' understanding of the subject. The event concluded with a formal closing at 10:40 AM. The CSA Representative expressed gratitude to Dr. Yadav for his valuable insights, to the faculty members for their support, and to the students for their active participation.

PO8 was achieved through helping students understand the importance of protecting intellectual property and following responsible practices in the technology sector.

PO12 was achieved through gaining knowledge about patents, copyrights, trademarks, and trade secrets, encouraging students to continue learning about IPR and its applications.

Students engaging in an insightful session on Intellectual Property Rights.
