Department Event Coordinator:	Dr. Rushikesh Nikam
Event Conducted by:	Computer Student Association (CSA) in collaboration with NSS and Rotaract Club of Thane East, supported by Thane Municipal Corporation (TMC)
Objective:	To encourage eco-friendly festive practices by collecting and disposing of Nirmalya responsibly, while raising community awareness about sustainable celebrations.
PO Mapping	PO7,PO6, PO10

Details:

The Nirmalya Project was successfully organized by the Computer Student Association (CSA) in collaboration with the National Service Scheme (NSS) and Rotaract Club of Thane East, with support from the Thane Municipal Corporation (TMC).

The initiative was planned meticulously, beginning with discussions to finalize objectives, responsibilities, and official permissions from TMC. Volunteers promoted awareness through campaigns within the college, local community, and their social circles to ensure greater outreach and participation.

On the day of execution at Talao Pali, Thane, volunteers actively engaged with devotees, guiding them to dispose of floral offerings in a safe and eco-friendly manner. With enthusiastic community participation, the project successfully reduced pollution in water bodies while fostering responsible and sustainable festive practices.

The event not only created a positive environmental impact but also strengthened collaboration between CSA members, NSS volunteers, and Rotaract members, nurturing a spirit of collective responsibility toward nature.
