

DEPARTMENT OF COMPUTER ENGINEERING (NBA Accredited)

Event Name:	Code FastTrack
Event Date:	3rd March 2025
Event Venue:	A.P Shah Institute Of Technology, Thane
Event Coordinator:	Prof. Rushikesh Nikam
Department Event Coordinator:	Prof. Rushikesh Nikam
Event Conducted by:	Computer Student Association, Department of Computer Engineering
Objective:	To provide guidance and peer mentoring for TE students in conceptualizing, designing, and refining their mini-projects, thereby enhancing both technical proficiency and collaborative skills.
PO Mapping	PO2, PO5, PO8, PO11, PO12

Details:

The Code FastTrack event, held on 3rd March 2025 from 10:00 AM to 4:00 PM, was a collaborative initiative where final-year BE students mentored TE students in brainstorming, designing, and refining their semester mini-projects. The session aimed to strengthen the technical foundation of the TE students while fostering an environment of peer support and collaborative problem-solving. Throughout the day, BE mentors guided TE participants in identifying innovative project ideas, structuring implementation plans, and applying effective design methodologies. Students engaged in interactive discussions covering project architecture, coding best practices, and integration of modern tools and frameworks. The mentors also provided feedback on presentation techniques, helping participants prepare for academic evaluations. The event successfully created a culture of knowledge-sharing within the department, enabling junior students to gain real-world insights from their seniors' experiences. The interactive and hands-on approach boosted confidence among the TE students and encouraged them to pursue their projects with renewed enthusiasm and technical clarity.
