

Expert Session: Navigating the Cybersecurity landscape & Career opportunities

Name of College: A. P. Shah Institute of Technology, Kasarvadavali, Ghodbunder Road, Thane – 400615

Department: Information Technology

Date: 1/10/2026

Participants: 50

Targeted Audience: Students of Third Year Information Technology

Speaker Detail:

ANMAY BORDAWEKAR

- An experienced cybersecurity professional with 11+ years of industry experience and certifications including CISM, CISA, ECSA, and CEH. Specializes in security testing, vulnerability assessment, ethical hacking, source code review, and Governance, Risk, and Compliance (GRC) across banking, fintech, telecom, insurance, and retail sectors.

PRATIK SAWANT

-An application security expert with 6+ years of experience in penetration testing and vulnerability management, holding certifications such as CEH, eJPT, eCPPT, and CAP. Specializes in securing ATM/POS systems and web/mobile applications, CI/CD security automation, ethical hacking, and mentoring teams to protect critical systems.

Faculty Accompanied:

Dr. Vishal Badgujar

Ms. Manjusha Kashilkar

Ms. Rucha Kulkarni

Aim of Event: The expert talk aimed to provide students with insights into the cybersecurity industry and emerging career opportunities. The session focused on real-world cyber threats, ethical hacking, and application security testing. The experts demonstrated Cross-Site Scripting (XSS) attacks and explained various types of SQL Injection, highlighting common vulnerabilities in web applications. The talk also emphasized the importance of vulnerability assessment, secure coding practices, and implementing effective security measures to protect web applications against cyberattacks. The session helped students understand industry expectations, practical cybersecurity challenges, and potential career paths in the field of cybersecurity.
